THE SEASON SO FAR

The 2020/2021 season so far, well where do I start? With the recruitment over the summer and the shake up within the team on and off the field there is a different persona of Solihull Moors Women Football Club this season. Currently being on more points now than we finished on last season is surely an achievement within itself, especially after only playing four league games at this point. Last season was a survival season for this team and in less than 12 months we have turned that around to be no longer battling for survival but instead challenging at the upper half of the table. Without the support on and off the field from people like Alex Alexandrou, Darryl Eales and the rest of the directors and committee within the club we certainly wouldn't be in such a privileged position as we see ourselves now. However, the support doesn't stop there. The support we have received on and off the

“

**We're no longer battling for survival but instead challenging at the upper half.**

field during lockdown up until now from the coaching staff, us as players could not ask for any more than what they deliver right now. Thank you for everything! The Bedworth FA Cup game last week was a milestone within itself for sure. After turning up last season and losing 8-1 to this side we knew as a team it was going to be a battle to match them.

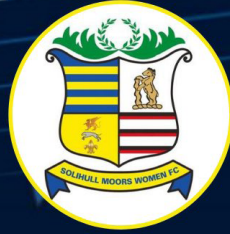

Especially in such a historic cup as I knew what it meant to both sides. As a team we battled hard throughout and left it late to score the equaliser. However we remained composed and got that late goal in the 80th minute. The magic of the FA Cup didn't stop there with the final whistle being blown and it being taken to penalties. I was confident we had the quality to secure our progression and we sure did with Lois Jefferies scoring the winning penalty. That team feeling is something I can never explain. We are now one step closer to making history within this prestigious tournament. Bring on next weekend!

Enjoy this afternoon's game,

Maisie

# OPERATION DRAWSTRING

DISCOVER MORE ABOUT THE CHARITY

Operation Drawstring initially began as a social action project which aimed to spread some cheer to those on the streets of Birmingham at Christmas. However this has now advanced into a year round mission. Providing support, essentials and advice throughout the seasons. The campaign is very simple, it involves members of the public putting together a drawstring bag (waterproof, durable, and easily portable) of essentials and some luxuries for a homeless person in the city.

A small team of volunteers then carry out a daily/nightly street walk

to hand out the bags with any spare bags distributed to hostels/shelters after each walkround. If people wish to donate items or money then these are stored and a packing session is run to put together extra bags from donations.

During the Covid-19 pandemic the charity have had to halt their street feeds/walks and instead have been working alongside SIFA Fireside; Birmingham's main day centre for homeless and vulnerably housed adults in and around the city. They will continue to do so this winter, providing warm clothing, monetary donations and bulk food items to

the centre.

For more information you can follow Operation Drawstring on Facebook or contact Kerry Lenihan; [kerry.lenihan1@gmail.com](mailto:kerry.lenihan1@gmail.com) or [@kerrylynn21](https://www.instagram.com/kerrylynn21).
